

HERTFORDSHIRE CUBS RECORDS

CATERPILLAR PRINTS

Equipment :

Paint

Paper

Stopwatch

Record Attempt:

Cubs have 2 minutes to complete this record attempt.

Once the time has started, each cub will put their fingers and thumb on one hand into the paint. They can top up the paint on their fingers/thumb at any time.

They will then put a thumb print, followed by 4 finger prints next to each other to make the caterpillar body.

Each part of the body them needs 2 legs, made by using their nail, or top of a finger covered in paint.

After 2 minutes, the caterpillar will be scored. 1 point for each completed body or leg, and 5 bonus points for a complete caterpillar. (5 bodies, with 2 legs on each body)

Highest score is the record holder.

Example of complete caterpillar....
