

# HERTFORDSHIRE CUBS RECORDS

## STANDING JUMPS

### Equipment :

2+ Pegs

String

Marker Pen

(Tape Measure, Line Marking Paint)

### Record Attempt:

A length of string is attached to a fixed point.

The Cub Scout **MUST** stand stationary at the fixed point, and then jump forwards.

The Cub Scout **MUST** not move from their landing position until they are told to do so, or the jump will be void.

The string is used to measure the distance from the fixed point to the nearest point of the Cub's body that is touching the ground.

The string only needs to be marked if the jump is longer than previous jumps.
