

Areas which I have found useful

- Programme Planning
- All of it – it doesn't matter how many skills days you come to, you always learn something new!
- Behaviour Management in particular was very useful.
- Programme resources and the fact it is all themed. I do not have time to do all the necessary background work so the material is invaluable.
- All areas gave food for thought around the programme I run, but most interesting was Behaviour Management.
- The 3year programme – really good ideas.
- 3 year programme – great to get new ideas after being a leader for 19 years.
- 3 year programme and Pack order/discipline.
- All of the sessions were very useful and well run. I'm glad that we got choices. A good set of resources given out.
- 3 year programme was most useful as they had activities for ideas we already had for this term.

Areas which I would like to have learnt more

- Nothing springs to mind – everything was pitched at just the right level.
- Even more on Behaviour
- All of it.
- All of it
- All of it
- The games session was useful but I would have liked more ideas for running around games.

Any ideas for future Skills Day

- No – keep it the same!
- General Camping Skills – fire lighting etc.
- Being the only leader of my pack, I was unable to go to all of the bases being covered, although I did manage to get most of the handouts. Is it possible for future days to arrange so that all bases are covered albeit some may not be in great detail.
- Ideas for camp.

Other Comments

- Very informative – good presentation
- A good day – only sorry more people didn't turn out.
- Very useful. Excellent if you are quite new to leading a pack.
- Everyone was very approachable and willing to listen.
- Great – keep it up – leader was very good and kept my attention at all times.
- Stuart was a very knowledgeable and experienced leader of young people. What he told us was a product of that – could we have more please.
- Great sessions giving all the information quickly and to the point.
-
